

Protein & Crunchy Bars

Crafted in India

ABOUT US

At **Nutritius**, we proudly carry forward the legacy of authentic Indian taste through our signature Chikki (Peanut Bars) and a growing range of traditional snacks.

Founded in 2005 by **Mr. Ramlalji Kumawat**, our journey began with a simple idea – to craft wholesome, high-quality snacks that blend Indian tradition with modern nutrition. Each product is made in hygienic facilities using premium ingredients, ensuring purity, crunch, and consistency in every bite.

In 2025, our global trading arm, **Chikkiwala Foodstuff Trading LLC**, was founded in Dubai by two visionary entrepreneurs, Mr. Hiren Pansara and Mr. Mukesh Mistry, as the global channel partner for Nutritius. Their mission was to take India's authentic flavours to international markets. This milestone opened a new chapter in our journey – elevating Nutritius into a worldwide brand admired for its authenticity, quality, and innovation.

Over the years, our handcrafted peanut bars have earned the trust of consumers for their authentic taste, crisp texture, and nutritional value. With a strong foundation built in India, and operations expanding to the UAE and UK, we continue to share the taste of tradition with international markets.

At **Nutritius**, we stand for more than just great taste – we represent a promise of quality, innovation, and authenticity. By combining time-tested recipes with modern technology, we deliver products that are healthy, flavourful, and export-ready, meeting global food safety and packaging standards.

Our Mission

To grow as a globally trusted brand by delivering high-quality, hygienic, and nutritious Indian snacks that cater to modern lifestyles while preserving traditional values.

We aim to make Nutritius a household name across the UAE, UK, and other international markets – offering the authentic taste of India to the world.

Our Vision

To be recognized as a leading international brand offering authentic, innovative, and sustainable ethnic snacks that celebrate the flavours of India.

We are dedicated to maintaining ethical sourcing, sustainable practices, and continuous innovation, ensuring our products delight consumers across generations and geographies.
